“Aussie in the Hague – Forensic relocation”

Caroline is a Fingerprint Expert, formerly with Victoria Police. In 2018 she was successful in obtaining a position with the Netherlands Forensic Institute in the Hague, a global leader in research and innovation, and a frontrunner in the scientific evaluation of fingerprint examination. This meant leaving secure employment to relocate to another country, begin a new language and a new life, in a very different culture and judicial system.

Caroline’s talk will cover how she has faced up to and met these challenges, the opportunities she has been presented, and perhaps where her future might be heading.

Tuesday 16th April 2019
at VPFSC, 31 Forensic Drive Macleod 3085

Drinks and nibbles from 6:00pm for a 6:30pm start
